

To Whom It May Concern

On January 22, 2025, a research collaboration proposal titled “**AI in Hematology: A Federated Graph Learning Architecture for Collaborative Anemia Detection Across Distributed Data Silos**” was submitted to Jhenaidah Prince Hospital (JPH) Ltd., committee through **Susmoy Biswas**, research under the supervision of **Dr. Zahid Hassn**, DIU CSE, and mentorship under **Md. Hassan Imam Bijoy** for data collection, collaboration, and validation, containing the IRB number **REC-FSIT-2025/No: 12663**. With the decision of the JPH committee, I, Dr. Debashis Biswas, Resident Physician, MBBS (Dhaka), BCS (Health), FCPS (Medicine), MACP (America), have been assigned as the Principal Investigator for the collaborative research. The collaborative study between Jhenaidah Prince Hospital (JPH) LTD, MedVisAI Research Centre, and The Health Informatics Research Lab (HIRL) went from January 22, 2025, to November 23, 2025, with each party agreeing to a mutual collaboration agreement and followed privacy preserving and ethical protocols.

I, Dr Debashis Biswas, hereby declare that, during the time period, I have been collaborating with the data collection from the beginning of the study, and after the collection, I led a team from the pathology department to supervise the data validation process with the Clinics and WHO recommended reference values for the clinical and biological features, while I also looked at the Lifestyle Questionnaire as well. The Validation Procedure was conducted through strict protocol and utmost diligence, while preserving the privacy of each patient and ensuring the proper reference values from the feature sets with the WHO reference values. I confirm that the dataset named **TriHemo-MCV**, containing a total of **5037** instances, contains the following details:

Attribures	Vlaues
Instances	Total 5037
Classes	3 Classes: (1) Anemic, (2) Compensated Microcytosis, (3) Non- Anemic
Clase Wise Distribution	Anemic (1732), Compensated Microcytosis (1641), Non- Anemic (1664)
Covering Features	Biological (2), Clinical(16), and Lifestyle (3)
Biological Features	Gender, Age
Clinical Features	HGB, RBC, HCT, MCV, MCH, MCHC, RDW_CV, Platelets, MPV, PCT, WBC, Neutrophils, Lymphocytes, Monocytes, Eosinophils, Basophils
Lifestyle Features (Yes / No Answers)	History with Anemia, Family History of Anemia, Substance Usage

Upon confirmation, I authorize this dataset to be released for research, publication, and public repository use, with no clinical risk to the patients.

Sincerely,

A handwritten signature in black ink, appearing to read 'Debasish Biswas'.

Dr. Debashish Biswas

Resident Physician, MBBS (Dhaka)
