Subject: Request for access to CBC data and interviewing the individuals for a Collaborative Research between Jhenaidah Prince Hospital, Health Information Research Lab, Daffodil International University, for AI in Hematology initiatives.

Dear Sir,

I hope this message finds you well. I am writing on behalf of the Department of CSE at Daffodil International University, to respectfully request your kind assistance in obtaining medical data for our ongoing research project focused on AI in hematology: A Federated Graph Learning Architecture for Collaborative Anemia Detection Across Distributed Data Silos. We are aware of BIRDEM General Hospital's esteemed reputation in healthcare services and medical research. Specifically, we seek access to regular X-ray images of the bones of daily patients for academic and research purposes. My colleagues, **Md. Hasan Imam Bijoy** (Lecturer) and **Susmoy Biswas (SID: 221-15-5647)** are also actively involved in this project and will utilize the data under proper supervision. We assure you that all data will be handled with the highest level of confidentiality and in strict compliance with ethical guidelines and institutional regulations. The data will be used solely for research purposes and will not be shared with any unauthorized individuals or organizations.

We kindly request your permission to access this data and to inform us of any conditions, policies, or documentation required for its use. We are fully prepared to provide any additional information or documents as needed. We highly respect patient privacy and data integrity and assure you of our full adherence to BIRDEM General Hospital's established protocols.

Thank you very much for your time and kind consideration. We look forward to your positive response.

Regards,
