

**Office of the Research Ethics Committee  
(Institutional Review Board), DIU**

Ref. No.: REC-FSIT-2025/No: 12663

Date: January 19, 2025

**To Whom It May Concern**

On January 09, 2025, a proposal for research with the titles “**CBC data collection for Hematological Diagnostics for Anemia,**” and “**AI in Hematology: A Federated Graph Learning Architecture for Collaborative Anemia Detection Across Distributed Data Silos**” was sent to the Research Ethics Committee (REC) of the Faculty of Science and Information Technology, Daffodil International University to get approval for the Ethics part of the research. With thoughtful consideration and in-depth analysis, the committee hereby approves the application on January 19, 2025. The Principal Investigator (PI), on behalf of the team that conducted the proposed study by **Md. Hassan Imam Bijoy**, who is a faculty member of the Department of Computer Science and Engineering at Daffodil International University. The REC wants to ensure that the researcher, along with their team, has followed the ethical guidelines of the approved ethical procedures. These included a strong commitment to preserving privacy while obtaining permission from the people who took part in the study, and ensuring the people could participate in this study in different ways, all in full respect for principle rights.

Sincerely,

**Professor Dr. Md. Ismail Jabiullah**
